### Request For Reconsideration And Withdrawal Of Final Office Action

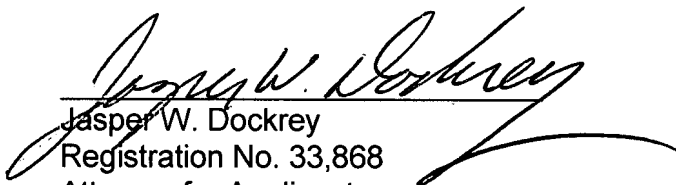

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

The applicant requests reconsideration of the final rejection set forth in the Office Action of March 23, 2007. The finality of the Office Action is grounded on the assertion that the applicant's amendment of the claims in the response of December 7, 2006 justifies the final rejection. The applicant asserts that, in the response of December 7, 2006, the dependency of four dependent claims was changed from a withdrawn claim, and the sole independent claim was amended only to address matters of form. In addition, several dependent claims were amended only to address matters of form. These amendments did not substantively alter the scope of the claims. The MPEP instructs Examiners to anticipate amendments to address matters of form and that such amendments do not support issuance of a final office action. MPEP 706.07(a).

The applicant further notes that a new prior art reference has been cited in the Office Action of March 23, 2007 and new grounds for rejection are set forth based on this new prior art reference. The applicant asserts that the previous form amendments could not have necessitated the need for a new prior art search. The applicant asserts that an opportunity should be given to consider the new reference and the new grounds for rejection and the applicant should be permitted to respond to the rejection.

Respectfully submitted,
